Education

Babu Banarasi Das University (BBDU)

2024 – 2028

Bachelor of Technology in Computer Science and Engineering

Lucknow, Uttar Pradesh

Relevant Coursework

- Data Structures & Algorithms
- Object Oriented Programming
- Database Management Systems
- Operating Systems
- Computer Networks
- Software Engineering
- Data Analytics

Projects

ZeroTrade - Full Stack E-Commerce Platform

Feb 2026

- **Tech Stack:** React.js, Node.js, Express.js, MongoDB, Razorpay
- Built a full-stack e-commerce platform with JWT authentication and role-based access.
- Implemented product management, shopping cart and order management system.
- Integrated Razorpay payment gateway for secure online payments.
- Deployed frontend on Vercel and backend on Render.

Lost & Found Item Tracking System | *HTML, CSS, JavaScript, PHP, MySQL*

Jan 2025

- Developed a web application to report and search lost or found items.
- Implemented item categories, image upload and contact details.
- Created an admin panel to manage reports and users.

ChatGPT Clone (AI Web App) | *React.js, Node.js, OpenAI API, MongoDB*

In Progress

- Building an AI chatbot with real-time conversational interface.
- Integrated OpenAI API for intelligent responses.
- Responsive UI with React.js and backend using Node.js.

Technical Skills

Languages: Java, JavaScript (ES6+), SQL, Python (Basics)

Frontend: HTML5, CSS3, React.js, Tailwind CSS

Backend: Node.js, Express.js

Databases: MongoDB, MySQL, PostgreSQL

Tools: Git, GitHub, VS Code, Postman, XAMPP, Canva, Vercel, Render, Figma, Excel, Power BI (Learning)

Achievements

- Solved 150+ Data Structures & Algorithms problems using Java.
- Built and deployed multiple full-stack MERN applications.
- Active GitHub contributor with clean project repositories and documentation.
- Continuously learning Data Analytics, MERN Stack and modern web technologies.

Certifications

- Java Programming – Apna College
- React.js – Apna College
- SQL & Database Fundamentals
- Python for Beginners
